User's Guide to Subject Index

1. There is only one entry under Appropriations for the General Appropriations Bill and the Capital Outlay Bill; also, there is only one entry under Bonds for the Omnibus Bond Bill. Detailed subject breakdown to these bills is not available in this index.

2. Legislative studies: These are entered only under Legislative Affairs: Committee Studies. No subject entry is provided.

3. Non-legislative studies: These are entered in a subject section, but not under the agency(s) performing the study.

4. Departmental entries: Only bills directly affecting the organization and management of a department appear under the department/office entry. Administrative rule legislation may also appear under the departmental entry. All programs and other responsibilities are listed under the subject.

5. Parishes/Municipalities topics: Most bills dealing with parishes and municipalities will be entered under a specific subject in the index and not under Parishes or Municipalities. However, bills which have no specific subject area elsewhere in the index will have an entry under the parish/municipality involved. Bills which deal with the powers of parish/municipal governing authorities (mayor, police jury, etc.) will appear under the specific subheading under Parishes or Municipalities, either under the subject itself or under the name of the parish or municipality.

6. Retirement systems: Bills dealing the various retirement systems are only indexed under Retirement. For example, bills dealing with a teacher's retirement will not appear under Education, but can be found under Retirement: Teachers Retirement System.
**Administrative Law Division**

- Confidential documents; adjudication proceeding .......................... ACT 765
- Judge; contract to state agency ............................................ ACT 416
