HB No. 674

Abstract: Relative to public school policies prohibiting harassment, intimidation, and bullying of students by students, further defines such terms as including certain acts motivated by characteristics such as race, color, religion, ancestry, national origin, sexual orientation, gender, mental disability, and physical disability.

Present law requires each each city, parish, and other local public school board to adopt and incorporate into its student code of conduct a policy prohibiting the harassment, intimidation, and bullying of a student by another student. Provides that any student, school employee, or school volunteer who in good faith reports such an incident to the appropriate

school official in accordance with the procedures established by school board policy shall be immune from a right of action for damages arising from any failure to remedy the reported incident. Excepts the parishes of Livingston, East Baton Rouge, East Feliciana, West Feliciana, St. Helena, and Tangipahoa. Defines the terms "harassment", "intimidation", and "bullying" as any intentional gesture or written, verbal, or physical act that:

- (1) A reasonable person under the circumstances should know will have the effect of harming a student or damaging his property or placing a student in reasonable fear of harm to his life or person or damage to his property; and
- (2) Is so severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for a student.

Proposed law retains present law and further defines such terms as any such act by a student directed at another student occurring on school property, on a school bus, or at a school-sponsored event that is reasonably perceived as being motivated by characteristics such as race, color, religion, ancestry, national origin, sexual orientation, gender, mental disability, and physical disability, as well as attire or association with others identified by such categories.
